Enerlites®

MULTIMEDIA WALL PLATE
1-GANG, 6-PORT

MODEL NO: **8876**

DESCRIPTION

ENERLITES polycarbonate thermoplastic wall plates are manufactured to provide durability, flexibility, and resilience to bending and high-impacts. They are also heat & fade resistant to temperatures over 100 degrees which protects them from fading and discoloration over time, and have a flammability rating of UL94, V2. Their smooth finish provides an attractive look and makes them easy to clean.

FEATURES

- High-impact resistant thermoplastic plate
- Accepts voice/data and audio/video modules to support multimedia applications

SPECIFICATIONS
